

VENTION COQBJ USB 2.0 Type-A to Type-B Printer Cable - 5M

Sale Price: 600.0

PRODUCT ID: 0005136

Feature / Attribute	Product Specification Details	Implementation Impact
Product Brand / Model	Vention COQBJ	Assures precise manufacturing tolerances, perfect terminal fitment, and a robust hardware life.
Product Category	USB 2.0 Type-A Male to Type-B Male Printer/Scanner Cable	Establishes a highly secure, wired data connection between a computer host and office equipment.
Interface Standard	High-Speed USB 2.0 Protocol	Delivers steady data transfer bandwidth up to 480 Mbps, making document spooling quick and seamless.
Length Dimension	5.0 Meters (Approx. 16.4 Feet)	Provides maximum passive room routing, allowing you to position heavy hardware completely clear of your main workspace.
Power Throughput	Supported Up to 2.0 Amperes (2A Max)	Safely provides electrical current delivery for hardware accessories requiring bus power over the link.
Internal Wire Gauge	24 AWG (Power Line) + 28 AWG (Data Line) Build	Minimizes loop resistance to completely avoid print lagging, timeouts, and signal drops over the full 5-meter run.
Connector Plating	Corrosion-Resistant Hardened Nickel-Plated Plugs	Prevents terminal rust and outer wear, ensuring a strong socket grip over thousands of cycles.
Outer Jacket Build	Toughened Flexible Polyvinyl Chloride (PVC) Black	Features a highly rugged outer sleeve with a reinforced joint tail to survive constant bending and pulling.
System Integration	Universal Driverless Plug-and-Play Ecosystem	Runs natively on Windows, macOS, and Linux without requiring separate software downloads or configurations.
