

VENTION COQBN USB 2.0 Type-A to Type-B Printer Cable - 15M

Sale Price: 1550.0

PRODUCT ID: 0005138

Feature / Attribute	Product Specification Details	Implementation Impact
Product Brand / Model	Vention COQBN	Assures precise manufacturing tolerances, perfect terminal fitment, and a robust hardware life.
Product Category	Extreme Long-Distance USB 2.0 Type-A to Type-B Printer Cable	Establishes a highly secure, massive-range wired connection between a computer host and office equipment.
Interface Standard	High-Speed USB 2.0 Protocol	Delivers steady data transfer bandwidth up to 480 Mbps, making document spooling quick and seamless.
Length Dimension	15.0 Meters (Approx. 49.2 Feet)	Provides maximum workspace, warehouse, or server-room routing, allowing hardware to be placed in entirely separate production zones.
Noise Filtering	Built-in Double Magnetic Ferrite Rings	Extensively suppresses electromagnetic and radio frequency noise (EMI/RFI) over the ultra long-distance transmission line.
Power Throughput	Supported Up to 2.0 Amperes (2A Max)	Safely provides stable electrical current delivery for hardware accessories requiring bus power over the link.
Internal Wire Gauge	24 AWG (Power Line) + 28 AWG (Data Line) Build	Minimizes loop resistance to completely avoid print lagging, timeouts, and signal drops over the full 15-meter run.
