PRODUCT ID: 0014603

The Baseus Display 2 Type-C to Type-C 100W Cable (P10382702121-00) is a high-performance charging and data-transfer cable designed for USB-C smartphones, tablets and laptops. It supports up to 100W PD fast charging and 480Mbps data transfer, making it suitable for both everyday devices and higher-power equipment.

Its digital power display lets you monitor charging power in real time, while the nylon-braided construction and transparent connector design provide durability and a premium appearance. The cable has also been tested through 10,000+ bending tests for everyday reliability.
