

EPSON PRINTER N-COTTER L-130/210/220 (CHINA)

Sale Price: 350.0

PRODUCT ID: 0009415

Feature / Attribute	Product Specification Details
Component Name	N-Cotter / Paper Eject Roller Lock Clip / Shaft Retaining Pin
Compatible Printer Models	Epson EcoTank L130, L210, L220 (and similar legacy L-Series chassis)
Origin of Manufacture	China (High-quality aftermarket replacement)
Material Composition	Reinforced ABS / Nylon industrial polymer
Primary Function	Locks the paper output rollers onto the rotating shaft to keep them perfectly aligned
Symptoms of Failure	- Continuous paper jamming at the final exit stage - Skewed, crooked, or unevenly fed paper - Creasing or wrinkling on the edges of printed pages - Grinding or clicking noises from the front roller tray
Installation Location	Mounted directly on the horizontal paper eject roller assembly shaft near the front exit
