

EPSON PRINTER SCANNER RIBBON L3110/L3210/L3250

Sale Price: 350.0

PRODUCT ID: 0009419

Epson Scanner CIS Flat Flex Ribbon Cable Specification

Category	Feature	Comprehensive Specification
Component Type	Part Classification	Scanner CIS (Contact Image Sensor) Flat Flex Cable (FFC) / Ribbon Cable
Compatibility	Supported Printer Models	Epson EcoTank L3110, L3116, L3118, L3210, L3218, L3250, L3256
Physical Layout	Pin Configuration	17-Pin Interface Layout
	Conductor Pitch (Spacing)	0.5 mm Pitch spacing
	Approximate Length	640 mm total cable layout length
Material Build	Cable Substrate Material	High-density reinforced Polyimide/Polyester Flexible Flat Flex (FFF)
	Conductor Composition	Premium tin-plated or gold-plated high-conductivity copper traces
Operational Specs	Signal Capacity	High-speed digital CIS image data transmission and module power routing
	Flex Tolerance	Multi-cycle dynamic bending design optimized for continuous scanner carriage transit
Installation	Connection Method	Zero Insertion Force (ZIF) / Low Insertion Force (LIF) slider connector interface
	Routing Alignment	Pre-creased structural fold lines for secure chassis track placement
Origin	Manufacturing Region	China
