

## KSTAR 1200VA Offline UPS

Sale Price: 7000.0

PRODUCT ID: 0010194

### — Main Feature

|                          |                                                                                                                  |
|--------------------------|------------------------------------------------------------------------------------------------------------------|
| Capacity                 | 1200VA                                                                                                           |
| Load Capacity            | 600W                                                                                                             |
| Input Voltage            | 230V                                                                                                             |
| Output Voltage           | 230 (+/-10%)                                                                                                     |
| Frequency (Battery Mode) | 50 Hz                                                                                                            |
| Battery                  | 24V Battery<br>AC Voltage Regulation: 220+/-10%(Battery mode)<br>Frequency Range: 50 Hz $\pm$ 1 Hz(Battery mode) |

### Input Features

|               |      |
|---------------|------|
| Voltage Range | 230V |
|---------------|------|

### Output Features

|               |                         |
|---------------|-------------------------|
| Voltage Range | 230 (+/-10%)            |
| Type of Wave  | Simulated Sine Wave     |
| Transfer Time | Typical 4-8ms, 13ms max |

### Manufacture Warranty

|          |                  |
|----------|------------------|
| Warranty | 01-Year Warranty |
|----------|------------------|
