

Ashata Huntbird P60 PC Wireless Gaming Headset

Sale Price: 1900.0

PRODUCT ID: 0011534

Feature / Attribute	Product Specification Details	Implementation Impact
Product Brand / Model	Ashata Huntbird P60	Provides an budget-conscious, wireless audio option designed for multi-platform gamers.
Acoustic Speaker Unit	40 mm Large Dynamic Moving-Coil Drivers	Delivers solid low-end bass extensions with balanced mid-and-high frequencies.
Frequency Range	20 Hz to 20 kHz Spectrum	Replicates a standard gaming audio curve to cleanly capture soundtracks and system ambient cues.
Impedance / Sensitivity	32 Ohms Resistance 98 dB Audio Sensitivity	Offers clean optimization from wireless pipelines without audio popping or distortion.
Noise Isolation Technology	Integrated Active Noise Cancellation (ANC)	Electronically samples and counteracts ambient background room reflections.
Wireless Protocol	Bluetooth 5.1 Wireless Technology Core	Establishes stable, high-bandwidth connection pairing with lower hardware response delay.
Wireless Range	10 to 15 Meters (Approx. 33 to 50 Feet)	Grants excellent physical mobility across single-room footprints without losing source feeds.
Dual Connection Mode	Wireless Bluetooth + Hardwired 3.5 mm Aux Port	Allows rapid swapping to passive, analog cord operation when battery cells run empty.
Internal Power Source	Built-in 400 mAh Rechargeable Lithium-Ion Cell	Yields up to 15 hours of continuous multimedia runtime on a single charge circle.
